Internet Explorer will give black screen on gameplay. I simply get a black screen with the vocal from Kirby. This is only when I play the Wii version. I know there's a fix on the Internet Explorer site. However, I'm trying to find a fix for Mac. You might just get the odd visual crackle. C:\> me i can download the SWAP files but when i open them i dont have the pictures.Keep your Toto Washlet Cleaner in the Bathroom I didn't fully appreciate the product's name until I became familiar with the Toto Washlet. Now that I know it's called the Toto Washlet, I've noticed that I'm seeing it everywhere. I first saw it in the ads at the end of the Sunday Paper, and even then it didn't register as something that would be useful to me until I read articles that talk about how nice it is to have a shower at home. The Washlet is designed to eliminate the fact that your bathroom is a breeding ground for mold. Not only are moldy showers not safe for people to use because of the health risks they pose, they make the entire bathroom musty smelling. I actually remember the first time I saw a demonstration of the Washlet. I was amazed that you could use a little gadget to wash your body just like you do at the spa or with a shower head. You even have the option of using body wash, shampoo, or even conditioner. All you have to do is choose the liquid you want, choose a washing cycle, and push the button. By switching over to the Washlet, you won't have to buy body wash for months on end. Body wash is usually around \$10 for a bottle. That's \$10 every month you could be using your family's bathroom instead of buying body wash. There are also other benefits to using the Washlet. I bought a Washlet for my mother a while ago because she spends many days a week in the hospital, and she hated cleaning with shower head. Even the simplest task of taking a shower became such a hassle that she just stopped doing it. We gave her a Washlet about 2 months ago, and she likes it so much that she's bought three others to give to her family members. I don't know about you, but this
