But it'll start showing wrong time again after each time of installation. i.e. it displays wrong time initially and after restart it displays right time. Here's my code :

```
public class TimeDisplay extends Activity { private int mHour, mMinute; private int mili; @Override public void onCreate(Bundle savedInstanceState) { super.onCreate(savedInstanceState); setContentView(R.layout.main); OnTimeSetListener onTimeSetListener = new OnTimeSetListener() { @Override public void onTimeSet(TimePicker view, int hourOfDay, int minute) { Toast.makeText(getApplicationContext(), "Moment set at : "+hourOfDay+"."+minute, Toast.LENGTH_SHORT).show(); //Toast.makeText(getApplicationContext(), "Moment set at
