Relations with the authorities were at their lowest for thirty years. It is obvious that the film is full of typical stereotypes and symbols. Consider that these are the methods of communication, not of the traditional mass media, without which no information would be transmitted. Etnicidad, relaciones de amistad, guarismo, vida social, inmigracion, fiestas. A non-English-speaking person is in an interesting position: here he is dealing with a foreign language, his task is to understand it from the point of view of its hearer. Features in the style of a world comic, which attracts the attention of readers mainly from the Latin American community. The author is a lady, who is also a singer of a popular folk-song. However, she uses the word "woman" in an off-color way, and therefore the book is not for those who do not like obscene language. The translation is also not perfect, therefore we are going to the original version. The name of the author and the text itself are a little bit too sexy for me. (Thank you, mi amiga Vanessa, I can not imagine how you like this book.) Three generations of "in and out" is a good way to describe the quality of the story and the heroine. The only weak point of the book is the heroine herself. In it, you will meet a sex pervert, a gringa to whom you can say no, and a black who is just a beast. The heroine is a singer and is interested in her internal dynamics. This is the central plot of the story: an unknown man, a star waiter in a famous restaurant, comes to the house of the woman who just became a mother. The man, who then takes a shower, wants the woman to pay for him the rest of the journey by cab. However, this is not a sexual temptation: The man is a bookkeeper, who had hidden in his room. And he is well advised by the house that this is not the way to the taxi, that one must go out immediately when the man leaves the room. In the meantime, the man-after-shower is killed by the knife that a street urchin hid in his hands, which the ex-wife of a rich family is looking for.
