## **Samsung Fast Gsm Omap 1.0.0.2**

**Download**

---

Introducing our new FastGSM Client software to unlock Samsung phones. It is the easiest to use. You need a Samsung phone or another phone that won't turn on. It should only have a connector for connecting to a computer. This phone must have an ETSI modem installed. This software can be used on all phones that support CID. Note: This software should not be used on phones that run on the Windows platform. Note: The software cannot run on Android or Symbian phones.
