assalamualaykum i got a problem regarding this files i can not find some of the keyboard shortcuts in the new version. the previous version gives me a menu for the shortcuts, now i cannot find it, may be this is because its a differnt file? is there any way i can find out what i am missing, please help? i downloaded the new version but when i open it, it closes automatically. i can not found the menu tab and the shortuct key is not working. i think that this program is not the one that i am looking for. is there any one who downloaded that program?

first few seconds some black and the end of trailer some woman and everyone starts to scream as the man and woman hold themselves in each other's arms. the rest of the video is mostly made up of action footage. i
