The rest is pretty straight forward. In the browser, right click the clip icon and click save as. Go to the downloaded location and open the file. Then open the embed code in "Show more options" and press paste. You can also click "Embed Code" and get the embed code. Right click it and select copy. Now go to other software, under tools, paste, then paste the embed code. That is it. If you want to turn it into an image, under "show options", click "export to PDF". Save it as an image and use the normal instructions as above. I hope this helps.
